MEADE SUICIDE THEORY TOLD

Heinrich Says Wealthy Woman Ended Own Life

SANTA CRUZ, Oct. 5.—(U.P.)—An opinion that Mrs. Cora Meade, estranged wife of a Chicago manufacturer, committed suicide was expressed here today by E. O. Heinrich, prominent Berkeley criminologist.

Heinrich spent five hours reviewing evidence in the case with Stanford Smith, district attorney, and N. P. Sinsot, sheriff before announcing his conclusion.

Another theory that Mrs. Meade was murdered has been studied carefully by local officers and the result of an inquest to start Monday or Tuesday is anxiously awaited.

The theory was expressed that Mrs. Meade had ended her own life in such a manner that it would appear like a murder case to authorities.

VICTOR BULL'S LEG CRUSHED BY CAR

Trained beneath a heavily loaded trailer which had jumped the tracks at the Howard Terminal wharf in Oakland, Victor Bull, son of E. B. Bull, prominent Richmond realtor, was severely crushed.

Witnesses to the accident believe that it is almost miraculous that Bull escaped with his life. The trailer was practically smashed to kindling wood.

Bull was crouching cargo at the wharf at the time of the accident and did not pay much attention to the approach of the train. In some manner the trailer jumped the track, pinning Bull against a wall.

This right leg was badly crushed, being crushed in three places and the leg was severed at the hip joint. He was taken to the Thorndike hospital in Oakland. Last night he was reported as resting easily.

So badly crushed is the leg that physicians at this time are unable to say whether they will be able to save it. Every medical care is being given to guard against infection, which is regarded as the greatest danger.

Officials of the Howard Terminal company have started an investigation into the cause of the accident.

HOLLYWOOD, Oct. 5.—(U.P.)—George Beban—true son of the stage, and noted for his character roles on the screen, died today as a result of injuries received when he was thrown from a horse at his home Saturday.

A master of makeup and dialogue, his Italian impersonations won him wide fame.

Beban married Edith Ethel MacBride, an actress, who died two years ago. He is survived by a son, George, a sister, Mary and an elder brother, Lewis Beban of San Francisco.

Straw Vote Passes Buck To Congress

Judging from the straw vote contest conducted by Louis Garfinkle at the opening of his new store, 812-S16 Macdonald avenue, congress will be called upon to select the next president.

Visitors at the formal opening drank punch from two large crocks, labeled Smith and Hoover respectively. The crock to be emptied first was to be taken as a straw vote for the election.

Either Richmond voters are evenly divided on the candidates or Garfinkle supplied too much punch. At the close of the contest there remained an inch of punch in each crock.

ALBANY, N. Y., Oct. 5.—(U.P.)—A statement, with affidavit attached, hearing upon another report that Gov. Alfred E. Smith was intoxicated was issued here today by Edward Griffin, counsel to Gov. Smith. The statement follows:

"A communication was received at the executive chamber stating that Rev. Manning E. Van Strand, pastor of the Emmanuel Baptist church of Albany, N. Y., had made a statement at the Bible conference held at Winona Lake, Ind., that Gov. Alfred E. Smith of New York was so intoxicated when he was trying to talk over the radio immediately after he was nominated at Houston that two men had to hold him up."

HOOVER, CURTIS CLUB NAMES OFFICERS

At the courtroom of Justice Arthur A. Alstrom last night a most enthusiastic and interesting meeting of the Hoover-Curtis club was held.

The temporary officers of the organization, George B. Fredenburg, president, Arthur Alstrom, secretary and F. S. Newsum, treasurer, were made the permanent ones by the unanimous vote of the members.

Fredenburg thanked the members for the honor that had been conferred on him, and stated he would give his time and his best efforts for the success of the republican ticket.

Plans for the campaign were discussed and it was decided that clubs would be formed in every precinct in the first supervisorial district, and a systematic effort will be made to get the voters out on election day.

A visit was paid to the state republican headquarters by Fredenburg yesterday and the officials in charge assured him that Richmond would be supplied with first class speakers during the campaign.

The women are to take a very active part in the campaign, and a meeting of the ladies will be called by Fredenburg in a few days when a permanent organization will be effected.

The Hoover-Curtis club is now supplied with banners for the home windows, stickers for the automobiles, and buttons, and can be supplied by calling at the club headquarters in the Pillow building.

A large sign 24 feet in length and four feet in height is now being painted, and this will be hung in front of the Pillow building, next Tuesday.

South Invaded By Hoover Today

WASHINGTON, Oct. 5.—(U.P.)—The first invasion of the solid south by a republican presidential candidate in modern political history starts tonight when Herbert Hoover boards a Southern Railway special train for a flying trip to Elizabethton, Tenn., to deliver his southern appeal Saturday afternoon.

Hoover will be accompanied by Mrs. Hoover, his 21 year old son, Allan, 26 newspapermen and six newsreel photographers.

The speech will be broadcast over a nation-wide radio hookup starting at 3 p. m. eastern standard time, Saturday, and it is estimated that in addition more than 50,000 persons will hear him at Elizabethton. Extensive preparations are being made to handle this huge crowd. Special trains are being run to Elizabethton from many points in the south.

The republican nominee will spend eight hours of Saturday in the Tennessee mountains, motoring, luncheon and parading. After his speech at Elizabethton he will go to Johnson City, nearby, in the afternoon for a short address and to attend a dinner at the chamber of commerce.

Hoover's calling list was not crowded today, so that he could rest in preparation for his southern speech and to give him an opportunity to work on his Boston speech, scheduled for Oct. 15.

Marking one of the first large real estate transactions predicted for Richmond, following recent industrial development, The Richmond Company and A. Rex Daniels of Hubbard and Daniels, real estate dealers, yesterday announced a program of sales and improvements in the east Richmond section involving over \$1,000,000.

The section containing some 5000 lots about 1200 of which will be placed on sale is known as the Rheem section. The tract extending from San Pablo avenue to Kearney street, lies south of the new Richmond Union high school and is in one of the most desirable locations in the city.

In order to provide easy access to the section from all areas it is the plan to improve Rheem avenue from the intersection with San Pablo avenue in the near future.

It is the intention of Daniels and his partner to place the lots on sale at prices so that everyone who makes an investment can sell at a profit in the future.

Work will start Monday on clearing up and improving the property.

Although the lots will be stacked out and some grading done it is not contemplated to pave the streets at the present time. This is being done to permit future residents to obtain the exact type of improvement desired and to keep the price of the lots down to a figure that can be handled by

OUR TROJAN HELEN

Helen Wills has won the sobriquet of "poker face" while yet a pretender to the tennis throne. And popular imagination, so a member of the Post-Dispatch staff has told us, dyed her hair a raven black, pinned the adjective "swarthy" to her complexion, and denied her any relation to the Helen that "launched a thousand ships against the topless towers of Ilium."

But this Helen of Tennis, like Helen of Troy is pure Nordic—fair-haired and blue-eyed, and the ethnologist would classify her head as dolicocephalic. Here are the shoulders of the daughter of Vikings.

In sheer power there was scarcely a perceptible difference between her game and that of our district champion. Back and forth in bristling rallies the ball sped with equal velocity. Only in fleetness of foot was she inferior to her masculine adversary. Given the agility of Suzanne Lenglen, who was, they say, the Pavlova of the court, and Helen Wills, we should think, might have met any man of them all, save Tilden at his terroristic top, and debated supremacy on terms of rigorous equality.

And yet the eternal feminine, with a generous quota of comeliness and charm. With the striding advance of women in athletics comes the prophecy of a tribe of Amazons at the next "turn of the century." If Helen Wills is their avatar there will be Rosettis on that morrow to call them "blessed damozels."—*St. Louis Post-Dispatch*.

REGRET RESTRICTIONS

The reason for opposing the enthusiasts who insisted upon writing restrictions upon San Francisco into the bay bridge bill now pending in Congress is demonstrated in the present negotiations looking toward putting control of the bridge into the hands of the State.

Congressman Welch, who introduced the bridge bill in Congress, says it will have to be amended to give the city the right to turn the bridge over to the state. If the bridge bill had already been passed and signed we would have to go back to Congress for another.

It was because developments cannot be foreseen that the enthusiasts were urged not to tie the city's hands unnecessarily. The present situation was not foreseen. Others may arise to further demonstrate the wisdom of loading the project with avoidable restrictions. —*San Francisco Chronicle*.

BEAUTY

Dear Miss Lane:
I do my own housework and I have a constant struggle to keep my hands looking decent. They are stained and roughened from the work I do and, that very easily. Do you know of some treatment that would help?

Mrs. T. R.
Bathe your hands in soft, warm water (a little borax can be used for softening hard water) with a pure castile soap. Rinse and dry thoroughly and then massage with a lotion composed of equal parts of rose water, glycerine, and lemon juice.

The lemon juice is usually all that is necessary to remove the stains but if it does not prove successful, use a little powdered plain water. Cornmeal can be used for cleansing instead of soap. It soaks irritates the skin. A good cream for a daily hand massage can be made from two ounces of coconut oil, three of rose water, five drops of tincture of benzoin, an ounce of milk of almonds and a quarter of an ounce of orange flower water. This should be rubbed in the hands and allowed to remain on ten or fifteen minutes before removing.

Covering the hands with a good skin food cream and leaving on overnight, protected by old gloves, will do more than anything to soften and beautify work-hardened hands. This will also help the nails from becoming brittle and broken and facilitate a quick and

effective manœuvre. It's encouraging to hear from a woman who retains a pride in her personal appearance even if she is

HOLT COMPANY TO EXPAND SERVICE

Patrons of the California theatre are assured of the good clean high class and entertaining shows such as offered by Nat Holt's Comedians for a long time to come. The number two unit of Nat Holt's Comedian will open in the Sacramento valley on Oct. 13, playing Santa Rosa, Petaluma, Woodland, Roseville, Chico, Marysville and Martinez. Order for another \$12,000 parlor car bus such as is used by the number one company playing here each week has been let and will be delivered to Holt on Oct. 10. The number three unit will open a San Francisco engagement in the downtown section, probably at the Union Square theatre across from the Orpheum, on about Oct. 28.

It is Holt's aim after getting these other companies well established to transfer the companies from one territory to another. This will give Manager Crawford of the California theatre a chance to offer to his patrons an entire new company from time to time.

Tomorrow Nat Holt's Comedians will present "The Street Urchin" a splendid show which will serve to introduce Miss Bee Montague a new member of the company.

JOHN GILBERT IN 'FOUR WALLS' PLEASES

The most interesting picture yet filmed about the most interesting spot in the most interesting city in the world.

Thus reviewers have characterized John Gilbert's new starring picture, "Four Walls," a story of East Side gangsters in the city of New York which opened yesterday at the California.

Among the dozens of "crook" pictures filmed during the past few years "Four Walls" will stand out as something new and undoubtedly different. Director William Nigh has made the characters appear real and human.

Gilbert contributes a characterization which tops anything he has displayed in the way of acting ability since "The Big Parade." He makes Benny Horowitz, gangster, a real live personality that struggles, suffers and finally conquers in a manner that will grip the heartstrings of every audience in the country.

The story concerns a young gangster leader who accidentally wounds a man in a night club brawl and is sent to prison for four years. At first he fights against the "Four Walls" of the prison but later comes to understand that his whole life in the New York East Side has been spent within the grip of even stronger walls. On his release he resolves to go straight and his struggles to do so and yet solve the problem of his love for Joan Crawford constitute the highlight of the picture.

Miss Crawford as the erring heroine presents an entirely new side of her personality to the movie-going public. There have been rumors that next year will see her a star and this picture clearly demonstrates her fitness.

Vera Gordon as Gilbert's mother contributes a great ability as an actress while Carmel Myers as Berna, the plain girl, also shows herself in a new light. Robert Emmet O'Connor as Sullivan the detective is very excellent as is Louis Matheux who plays the gangster "Monk."

Other feature films include "Our Gang" comedy, "Spooks Spoofing" News and Curio reel.

Tomorrow Nat Holt's comedians.

KING OF KINGS AT CAMPUS THEATER

An epoch making, unrivalled film epic, indubitably without peer in cinema history, "The King of Kings" is now playing at the Campus theatre in Berkeley with sound and vocal accompaniment and will remain until Friday, Oct. 12.

Endorsed by the press, public and pulpit as being the most reverent pictorialization of the supreme tragedy of the ages, this Cecil B. De Mille film has been looked upon internationally as a valuable document.

Produced at a cost of over two million dollars with 18 well known players and 5000 persons taking part in the stupendous scenes and with a massiveness of investment that surpasses any other super-picture the film attains immense proportions in every respect.

The story concerns itself chiefly with the last months of the life of Jesus. The scenes of His ministry are finely presented. His betrayal by Judas Iscariot, the condemnation, the Via Dolorosa, the crucifixion and finally the resurrection, contribute to the screen story.

Scores of players who have had feature roles in pictures appear in the large cast. Some of them are H. B. Warner, Ernest Torrence, Joseph Schildkraut, William Boyd, Julia Payne, Victor Varconi, Jacqueline Logan, Joseph Striker, George Siegmann, Bryant Washburn, Sam De Grasse, Kenneth Thompson, May Robson, Rudolph Schildkraut and Sally Rand.

The orchestra which produces the sound accompaniment is composed of 100 pieces and the chorus which sings at intervals throughout the picture is comprised of 1000 voices.

There are also Vitaphone talking acts on the current bill at the Campus in Berkeley, besides the Fox talking news weekly which shows national and international happenings.

JOHN GILBERT IN 'FOUR WALLS' PLEASES

The most interesting picture yet filmed about the most interesting spot in the most interesting city in the world.

Thus reviewers have characterized John Gilbert's new starring picture, "Four Walls," a story of East Side gangsters in the city of New York which opened yesterday at the California.

Among the dozens of "crook" pictures filmed during the past few years "Four Walls" will stand out as something new and undoubtedly different. Director William Nigh has made the characters appear real and human.

Gilbert contributes a characterization which tops anything he has displayed in the way of acting ability since "The Big Parade." He makes Benny Horowitz, gangster, a real live personality that struggles, suffers and finally conquers in a manner that will grip the heartstrings of every audience in the country.

The story concerns a young gangster leader who accidentally wounds a man in a night club brawl and is sent to prison for four years. At first he fights against the "Four Walls" of the prison but later comes to understand that his whole life in the New York East Side has been spent within the grip of even stronger walls. On his release he resolves to go straight and his struggles to do so and yet solve the problem of his love for Joan Crawford constitute the highlight of the picture.

Miss Crawford as the erring heroine presents an entirely new side of her personality to the movie-going public. There have been rumors that next year will see her a star and this picture clearly demonstrates her fitness.

Vera Gordon as Gilbert's mother contributes a great ability as an actress while Carmel Myers as Berna, the plain girl, also shows herself in a new light. Robert Emmet O'Connor as Sullivan the detective is very excellent as is Louis Matheux who plays the gangster "Monk."

Other feature films include "Our Gang" comedy, "Spooks Spoofing" News and Curio reel.

Tomorrow Nat Holt's comedians.

JOHN GILBERT IN 'FOUR WALLS' PLEASES

The most interesting picture yet filmed about the most interesting spot in the most interesting city in the world.

Thus reviewers have characterized John Gilbert's new starring picture, "Four Walls," a story of East Side gangsters in the city of New York which opened yesterday at the California.

Among the dozens of "crook" pictures filmed during the past few years "Four Walls" will stand out as something new and undoubtedly different. Director William Nigh has made the characters appear real and human.

Gilbert contributes a characterization which tops anything he has displayed in the way of acting ability since "The Big Parade." He makes Benny Horowitz, gangster, a real live personality that struggles, suffers and finally conquers in a manner that will grip the heartstrings of every audience in the country.

The story concerns a young gangster leader who accidentally wounds a man in a night club brawl and is sent to prison for four years. At first he fights against the "Four Walls" of the prison but later comes to understand that his whole life in the New York East Side has been spent within the grip of even stronger walls. On his release he resolves to go straight and his struggles to do so and yet solve the problem of his love for Joan Crawford constitute the highlight of the picture.

Miss Crawford as the erring heroine presents an entirely new side of her personality to the movie-going public. There have been rumors that next year will see her a star and this picture clearly demonstrates her fitness.

Vera Gordon as Gilbert's mother contributes a great ability as an actress while Carmel Myers as Berna, the plain girl, also shows herself in a new light. Robert Emmet O'Connor as Sullivan the detective is very excellent as is Louis Matheux who plays the gangster "Monk."

Other feature films include "Our Gang" comedy, "Spooks Spoofing" News and Curio reel.

Tomorrow Nat Holt's comedians.

JOHNSTON SELF MADE SAYS C.C. PAPER

Landing Henry A. Johnston as a self made man, this month's issue of Richmond United official publication of the chamber of commerce, gives a thumbnail biography of the candidate and urges the largest possible vote for him in this city at the election Nov. 6. Johnston is a candidate for director of the East Bay Municipal Utility district.

The article follows:
Being an orphan hasn't cramped the style of Henry A. Johnston. While it is one of life's greatest misfortunes for a boy to lose his parents at an early age, Johnston had the stuff in him that carried him forward over all obstacles and brought him success and standing in more than one community.

LEFT ORPHAN
He was left an orphan at the age of 11 in Marin county. An older brother placed him under the care of S. M. Martin, a rancher near Petaluma, where he worked for his board and continued his education. He learned the dairy business thoroughly, and at the age of 17 was so well thought of that Martin leased him the ranch on shares for four years.

At the age of 21 he went to Rio Vista where he carried on a mercantile business for 15 years. This was about the time that Richmond began to attract the attention of the world as a coming business, shipping and industrial center and Johnston pulled up stakes and moved here with his family.

To say that he has made good in Richmond would be to put the case too mild. He is a past president of the chamber of commerce, past president of the Rotary club, director of the Mechanical bank, manager of the California Guarantee Building and Loan Association, director of the Parr-Richmond Terminal corporation, and a director and active worker in the Young Men's Christian association.

NEW HONORS
Now new honors are about to be heaped upon him. Friends and business associates have prevailed upon him to run for the office of director of the East Bay Municipal Utility district at the election to be held Nov. 6.

Johnston was not looking for any more jobs, but his friends are wishing this one upon him, and he has consented to enter the race because Richmond has never had a member on the board.

Johnston said that if elected he will cooperate to the fullest extent with the constructive policies of the other four members of the board.

Let us see that Johnston gets 100 per cent of the votes in Richmond.

But when necessary there's no harm in taking nujol, since it works mechanically and can't disturb the normal functions of any organ of the body. Particularly with girls, there are times when nujol should always be taken. Take a spoonful every night for a few days. It's a thoroughly safe and harmless method. It won't cause distress or gas pains or griping."

YANKS HOLD TWO GAME LEAD IN WORLD SERIES

CARDS BADLY BEATEN IN SECOND

By FRANK GETTY
YANKEE STADIUM, New York, Oct. 5.—The fighting Yankees found out "Ole Pete" too, and knocked him out of the box in the third inning as they rode roughshod and triumphant over the St. Louis Cardinals in the second game of the world series by a score of 9 to 3 today.

Immediately after the game the two ball clubs were whisked away westward to resume the series on Sunday at Sportsman's park, St. Louis.

CARDINALS COLLAPSE
As for the Cardinals, they seem to have collapsed worse than the Pittsburgh Pirates did. In the 1927 series and this is said with no attempt to detract from the excellent pitching of young Phipps, once he got settled down to work.

Lou Gehrig struck the blow that put the skids under Alexander in the opening inning, a tremendous home run which went far into the bleachers behind right center, scoring Cedric Durst and Babe Ruth ahead of him. Alex was so mad he swallowed his chewing gum and retired the next two batters with six pitched balls.

"Pete's" downfall, however, that smash of Gehrig's broke the spell which "Ole Pete" used to weave around the American league champions and from then on his downfall was one of those sad sights which tear at the hearts of baseball fans.

The Cardinals had tied the score in their half of the second, scoring three runs on two hits and Tony Lazzeri's error, and it looked like anybody's ball game at that point.

The Yanks did go one run out in front in their half of the second when Durst's second successive single sent Bengough home from second, but as yet there had been nothing to presage the impending catastrophe.

End of "The Great"
The spectacle of Alexander's downfall as a cataclysmic as that of his namesake, who called himself "The Great," a couple of thousand years ago, was reserved for the last of the third.

The Babe led off with a single to right center, a clean, sharp blow. Alexander then faced Gehrig and walked the big first baseman. Bob Meusel, whose home run broke up the opening game on Thursday, slammed a line drive down the left field foul line that would have been good for a home run in almost anybody's ball park. But the ball struck him a few feet from the left field boxes and took a hop for itself, evading the outstretched hand of Chick Hafey and landing in a lady's lap. This resuscitated Big Bob to two measly bases and scored the Babe. Gehrig retained on third by the ground rules.

Lazzeri grounded to High, who tossed him out after holding the runners on their bases, and then Alexander walked Gene Robertson, who was at third in place of Joe Dugan to start the game.

Bill McKeehan gave the high sign and "Ole Pete" walked steadily from the box to the bench. A few minutes later he was trotting across a field to the club house. Clarence Mitchell relieved him and pitched splendidly from then on, allowing but two hits.

Phipps, taking heart from that eight run lead, steeled down and the game was as good as over. Frankie Frisch made two hits, Maraville one, and Wilson a double and that was the extent of the St. Louis offense.

CHAVEZ OUTCLASSES TORRES DURING 7 TORRID ROUNDS AT EL CERRITO FIGHT CLUB

Pedro Torres met Benigno Chavez at the El Cerrito club last night and sad to relate, Benigno was quite out of Chavez's class. After taking a beating for seven rounds, Pedro's seconds threw in the towel.

It was the first appearance in the local ring for Chavez and perhaps it won't be the last. His style of fighting drew the plaudits of the fans and the expression of hopes that he would meet some one in his class in another battle. This was the first fight Torres has lost in the El Cerrito ring and Chavez hit him with everything but the water bucket but the little fellow came back for more.

In the semi-windup George Brazzil of San Francisco and Art Francis of Oakland fought a good six round battle. Fans rabid for the sight of blood were disappointed.

Jose Ramos of Panama was awarded a four round decision over Frankie Paragon in the special event. Ramos outclassed his opponent throughout the fight.

Tony Oliver, general exponent of the manly art had a lovely time with Johnny Ramos of Oakland. Johnny took all the punishment he could in the first five rounds and in the third he decided to take things easily. He was promptly thrown out by Billy Snellham, third party and the de-

He Fears Purdue

Carroll "Pitch" Pitchford, nicknamed "Cap" by footballers, will be in the starting lineup in the St. Mary's California football game this afternoon at the Berkeley stadium. Last year Pitchford was used by Coach Ship Madigan a number of times and generally was able to push through for substantial gains. In the Army game last Sunday he took the ball twice and was held for no gain on the first play but on the second went through five yards. He is a former Richmond high star.

Although Coach Madigan is quoted as saying that Pitchford will be an All American back, sporting experts in the bay regions are inclined to think that the Richmond boy is holding back while in the play.

In last year's game with California, Pitchford was knocked out in the third quarter and had to be carried off the field on stretchers. He was taken to the dressing rooms and five minutes later appeared on the field, supported by two of his team mates. He was ready to go back on the field in spite of the fact he was so "groggy" that he couldn't walk straight. His appearance was greeted by cheers from both California and St. Mary's backers.

Adam Weisgerber, also a former Richmond high school star is scheduled to take guard when the Saints gallop out on the field today. Madigan declares the Richmond boy is one of his most promising players.

CHICAGO, Oct. 5.—The Bears and the Saints will play today after the game with St. Mary's whether or not their football team is back on the road to success.

Last year seventy thousand pairs of eyes looked down upon the Bears and the Saints as they battled it out in the Memorial stadium, and this week it seems hardly likely that less than sixty thousand spectators will be on hand to witness what has come to be regarded as the San Francisco Bay region's greatest popular game.

Gridders Of Junior High Start Work

Grid practice at the Roosevelt junior high school has started with 35 footballers answering the call issued by Coach George "Denny" Miner. The first game of the season will be played with the Longfellow Junior high at Nichol field. A three game series with the school is planned.

Among the boys who turned out for practice are Joe Weston, Harry Smith, Earl Rogers, Mike Sanfilippo, Carl Murphy, John Pavack, Frank Williams, Christopher Santella, Louis Ferry, Gordon Lemon, Harold Beliz, Pierre Thomas, Walter McLean, Tom Logan, Lloyd Showalter, Albert Newman, John Bajah, Edward Masek, James Poleso, Mano Bertone, Griffin Carey, Robert Drexel, John Vargas, Robert Meyers, Steve Rusch, Charles Bernal, Frank McMillen, Dale Bernard, Ambrose Muzzi, Elton Wallin, Milo Warrenburg and Billy Collins.

The game today will be the sixteenth between the two institutions. Unbroken relations have been maintained with St. Mary's longer than with any other intercollegiate opponent of the California seahawks, games having been played there since 1915.

The preliminary game will be played by the California and St. Mary's freshman teams at 12:30 p. m.

SAINTS TO TEST METAL OF BEARS

BERKELEY, Oct. 5.—California students and alumni will know today after the game with St. Mary's whether or not their football team is back on the road to success.

Last year seventy thousand pairs of eyes looked down upon the Bears and the Saints as they battled it out in the Memorial stadium, and this week it seems hardly likely that less than sixty thousand spectators will be on hand to witness what has come to be regarded as the San Francisco Bay region's greatest popular game.

Saints and Bears opened their season last week with victories, the colleges beating the West Coast Army 12-0, while the Berkeleyans took Santa Clara 22-0. Both teams were played under wraps, and showed little that might be of advantage to scouts seeking advance information on tactics to be employed this week.

Coach "Nibs" DeLoach has a healthy regard for the St. Mary's squad, realizing that the loss of Battencourt and other defensive strength from the Gael line of last year is more than made up in added strength and versatility on attack in the backfield. Price has altered his program from half to quarter, using Miller as his first choice at center, changing Harry Gill from the standing guard to running guard position, and working Newton as alternate with Avery at end.

The metamorphosis of Newman from a halfback to quarter, occasioned by injuries sustained by Harry Breakenridge, second-string quarter, is the most significant move. Breakenridge is a heady quarter, and a good safety man, but Newman is more versatile adding to these qualities an ability to run and pass. This change viewed in connection with Price's tendency to give Eisan, his first string quarter, plays in which he carries the ball, seems to point to a new development in the California gridiron system. Heretofore the Bear quarters have been field generals and interference men, seldom or never carrying the ball.

Probable starting lineups as announced by Madigan and Price follow.

CALIFORNIA—Avery, left end; Fritz, left tackle; H. Gill, left guard; Miller, center; Schwarz, right guard; Bancroft, right tackle; Phillips (C), right end; Eisan, quarterback; Lom, left half; Harry, right half; Schmidt, fullback.

Officer How Could You?

CHICAGO, Oct. 5.—(U.P.) Football, captured one week ago, and now, scheduled well with the favor, will hold the center of the stage on all "Route" in the world of sports Saturday and Sunday in the world series.

Although still a big early for important games are one or more "crucial" clashes several important games are on the Saturday schedule to satisfy the appetites of hungry gridiron fans.

Big Teams Play
In the east all the big eleven will be in action, many of them for the first time this year. Harvard, Princeton, Yale, Brown and West Point will be among those to make their initial forays to carry the ball across the enemy goal lines.

The middle-west probably will offer the most interesting gridiron smashes of the nation at Madison, Wis., where Notre Dame and Wisconsin universally meet. "The Irish" came through their first test, of the season last Saturday with a 12-6 victory over Loyola of New Orleans, but the outcome did not give Knute Rockne any visions of a national football title. The southerners—field Notre Dame to even terms through three quarters of the struggle before Rockne's warriors pushed over the winning touchdown.

Notre Dame Taps
In a meeting Wednesday, Notre Dame opted up against one of the most formidable teams in the Big Ten conference. The Mustangs are slated as the eleven to meet the real threat against Illinois, hopes for a second consecutive title. Wisconsin, with a wealth of second sophomore material to bolster up the ends and backfield, should give the Irish its second strenuous workout of the season.

Oklahoma, of the "Big Six" invades the Big Ten conference at Bloomington to meet Indiana. The Sooners are reputed to be bringing a heavy squad capable of combining straight football with a forward-passing offensive that might cause real worry to Pat Page's outfit, which holds considerable prestige.

RICHMOND FIRE PREVENTION PROGRAM

During Fire Prevention Week to be observed throughout the United States next week, Richmond will attempt to better even its present low rate for fire loss, according to announcement by Fire Chief W. P. Cooper and the Richmond chamber of commerce.

The chamber, cooperating with the fire department, will assist in circulating several thousands of cards next Monday calling attention to Fire Prevention week and urging citizens to do their part in stopping unnecessary loss by fire throughout the city. Fire Prevention week opens on Monday and continues until Oct. 15.

Richmond has been a factor for several years in the nation-wide competition among cities to reduce fire losses. Last year the city received first honorable mention for the lowest per capita loss among cities of less than 50,000.

Chief Cooper said still further honors will be sought this year as a result of the activity during Fire Prevention week and because of the active work done by the fire department during the year in educating the public to the need for care in handling fire.

The city will be in competition this year with communities in all parts of the country, each striving for new honors, based upon the actual figures for fire losses during the year.

Richmond Will Take Part In Schubert Week

Richmond will participate in the Schubert Centennial, an outstanding national event, to be held during the week of Nov. 18 to 25. Nearly 1500 cities throughout the United States will participate, honoring the great composer.

The Chamber of Commerce will name a committee to co-operate with local musical organizations to develop programs of special significance to the Schubert Centennial week. The chamber will also accept a place on the national committee at the invitation of Frederick H. Sard, manager of the campaign in New York.

The advisory body of the national organization is headed by Otto H. Kahn, financier, and includes a long list of leading men and women.

Musicians of note are on the artists' advisory committee. Plans for local participation are now being developed, it was announced.

Builders Name New Secretary

Warren A. Brown has been appointed by the directors of the Builders Exchange of Contra Costa county to the post of secretary of the organization. Brown, who has been an insurance man in Richmond during the past two years, recently resigned. He will assume his new duties at once.

Before coming to Richmond, Brown was engaged in mercantile business in Woodland for 18 years.

1200 LOTS IN RICHMOND DEAL

Continued From Page One
Building Plans
Extensive building operations are expected within a short time in the section. Hubbard and Daniels do not intend to build any homes to be put on sale but have completed arrangements so that owners of lots can have homes built and financed on the easy payment plan.

Daniels recently of the Coral Gables company, and who recently made transactions in Florida, is most enthusiastic about the development in prospect for the section and stated that he believed the growth of Richmond within the next few years would be second to none.

"You have all heard of the real estate boom in Florida and of course the reported resultant collapse. The latter of course has been greatly exaggerated, because Florida in spite of the recent hurricanes will go ahead and millions will be invested there within the next few years. During all the time I spent around Miami, however, I did not see anything that has the possibilities of this section of Richmond," Daniels said.

Sees Growth
"Richmond is growing and unless the citizens of Richmond keep busy and continue to grow with it they will find that outside capital and progress will come in and steal all of their thunder and profit, he continued.

"The great surprise to me is the large percentage of Richmond employees who make their homes in other Eastbay cities. The climate here is of the best, health conditions are ideal, adequate schools are provided, a general spirit of progress and prosperity is in the air—in fact everything points to what appears to me an ideal home community."

"Some have the mistaken idea that Richmond as an industrial city is not ideal as a home community. The beautiful residential sections of the city belie the fact. Your zoning laws take care of maintaining the home sections as such and your large industrial area is a certain guarantee for increase in value of all real estate holdings."

Good Place to Invest
"If employers find Richmond a good place to invest it appears to me that their employees should find it a good place to own their homes and live. The hour or more that is spent in traveling to and from work from other cities is certainly taking its toll in the home life of the workers commuting here for work. It is cutting down the efficiency of the employee who has not his greatest interest—his home, in the city where he works."

Daniels pointed to the general growth of the Eastbay section toward Richmond and predicted a general increase in real estate values throughout the future years.

Special attention will be paid to the laying out and beauty of the section, Daniels declared. The entire area will be planted to ryegrass and flowers and other improvements made to make the area appear most attractive.

Concord Water Supply Periled By Jail Term

MARTINEZ, Oct. 5.—Concord will not go dry—at least for the time being. But for a time the citizens of that city were threatened with the dryness of Sahara. It all happened when James Conroy, who stores Concord's water supply, went on a little speeding spree in San Leandro.

Conroy began painting the tank on Wednesday and the water was drained. He was half finished with the work when he was arrested for speeding. Police Judge J. W. Gannon sentenced him to five days in jail.

The tank remained empty and the citizens began to worry.

Yesterday a delegation called upon District Attorney Earl Warren of Alameda county and asked for their tank painter. At the end of a conference, Conroy was paroled to complete his work and insure plenty of water for Concord.

Plans Progress For Policemen's Dance Oct. 13

Members of Richmond's "Finest" are brushing up their brass buttons, and are generally getting prepared for the biggest event in the police world—the annual Policemen's ball to be staged at East Shore park next Saturday night.

The ball is expected to be one of the biggest ever staged in this city and the money derived from the affair will be used for the police benefit funds.

A snappy six piece orchestra will provide the music for the affair. Tickets are being sold rapidly but the few remaining may be purchased at the box office at the park the night of the dance.

Richmond Wins Trophy For Low Loss By Flames

Permanent possession of the Ince trophy for low fire loss among cities of its class on the Pacific Coast has been awarded to Richmond, according to a message received from Fire Chief W. P. Cooper, who is attending the Pacific Coast Fire Chiefs' convention in Sacramento.

Richmond had a fire loss of approximately 15 cents per capita during the past year and will retain the cup as it will not be awarded after this year.
